

# Attention Artists/Designers

## Collective seeks new member

21 maart 2018

Are you an open-minded artist and/or designer looking for a studio space in a beautiful building in Amsterdam? Do you work independently on your own projects and experiments, but also enjoy being part of a team? Do you have a speciality but also like to explore new artistic and technological directions? Anything from kinetic installations to illustration to robotics to VR? Consider Zesbaans!

We have room for an artist/designer who has his/her own practice but would occasionally also want to work on projects we take on as a team, ranging from kinetic installations to VR projects. You'd be a core member of our collective, not an employee. You'd be included in shared projects and can help us steer to new aesthetic directions.

Our studio:

- is located in characteristically old warehouse Het Veem in the Oude Houthaven, close to Amsterdam Central Station
- eats lunch together
- gets professionally cleaned biweekly
- has two floors: one with our desks, one for lunch, meetings, installation & VR
- welcomes you 24/7, though we're usually in during business hours
- connects to the internet fast

If you're interested, please send an email to [post@zesbaans.nl](mailto:post@zesbaans.nl) and we'll be in touch.
